(Supporting those impacted by sickle cell disease in WA State through education, advocacy and support.)

Programs:

Adult Retreat
Youth and Family Camps
Education Workshops
Hospital Visitations
Internships & Scholarships
Resources
Rest & Restoration

Sickle Cell HUB

A red speech bubble graphic with a white outline, containing the text 'The H.U.B.' in white. The bubble has a tail pointing downwards and to the right.

The H.U.B.

The Sickle Cell HUB is a residential house located in Seattle.

The HUB's mission is to provide:

- **Healing:** offering therapeutic services to patients with sickle cell (massage, yoga, acupuncture, reflexology, etc.)
- **Use:** offering educational and occupational workshops for our community to discover the unique ways their brilliance and skills can be utilized and valued in community.
- **Belonging:** offering a safe place for those with SC to connect and support each other and the community.
